

# **Ohio Manufactured Homes Commission**

5100 Parkcenter Avenue, Suite 103, Dublin, Ohio 43017

**July 2, 2010**

## **REVISED NOTICE**

**Regarding Your New Manufactured ~~(NH)~~ Home Dealer License**

### **IMPORTANT TITLING UPDATE**

We have just been notified by the Bureau of Motor Vehicle (BMV), Dealer Licensing, that effective immediately if you currently have inventory and hold title to motor vehicles (cars, trucks, trailers, RV's, etc) under your NH permit/license, **you do NOT have to have those titles transferred to your new used motor vehicle permit (UD) or any other entity. This applies to all motor vehicle titles under your NH license/permit PRIOR TO July 1, 2010.** The local titling offices are being notified of this exception. When the future sale and transfer of those vehicles takes place, the titling offices will allow those exceptions.

As previously stated, after July 1, 2010, you will not be allowed to take title to motor vehicles under your NH permit/license. If you sell more than five (5) motor vehicles in a given year, you must apply for a used motor vehicle permit (UD) through the Bureau of Motor Vehicle.

We appreciate your patience during this transfer of licensing jurisdiction. We understand that there are other issues that have come up during this transition and appreciate your input. The Commission is attempting to address these issues and our office will be providing you with further updates or clarification as they become available.
